STACK ATTACK

Kirk Taylor's Custom Design Studios offers an EFI throttle-by-wire adapter for their "Dick's Cool Unit" velocity stack. The adapter bolts directly to a Mikuni carburetor or can attach to CV and S&S carburetors with a separate adapter. For more about Custom Design Studios, contact: www.customdesignstudios.com, 415-382-6662, **Reader Service No. 75.**
