

## Hot Leathers Offers Large Collection of Saddle Bags and Sissy Bar Bags

June 24, 2009

Manchester, Conn.—June 23, 2009—It's the peak of motorcycle riding and rally season, and Hot Leathers, the industry leader in motorcycle apparel and accessories, is making sure riders have their basics covered before hitting the open road. Motorcycle bags are a necessity for every biker, and Hot Leathers offers a wide selection of saddle bags and sissy bar bags that are high-quality, durable and reasonably priced.

While on the road, riders need a place to store their gear. Saddle bags vary significantly in size and price, but Hot Leather's collection of bags offers a great fit for any bike at an even greater price. Many of Hot Leathers' saddle bags are waterproof, offer heat protection and come with a unique, easy zip-off feature that makes travel a breeze. The zippers are hidden so only the rider knows how simple the bags are to detach. When the ride is over for the day, the bags can be zipped off and, using the sturdy, built-in handles, carried into a house or hotel for the night.

Some riders prefer a sissy bar bag or travel bag over saddle bags, and Hot Leathers has a huge selection to choose from. Hot Leathers offers one- and two-piece sissy bar bags, which fit tightly to any bike and provide plenty of room for travel amenities. Travel bags are used to protect belongings when riders are away from their bikes. Whether riders prefer rolling or handled bags, they are sure to find the perfect Hot Leathers bag to guard their gear.
