LA County Choprods

\$840

LA County Choprods' new "Pinche" Gas Tank features an inset panel detail on each side and was designed to mount high on the backbone like the old school Frisco tanks. Leakage shouldn't pose a threat due to its one-piece bottom and sunken mounts. Choose one of the company's gas caps, and where you want the gas cap and petcock bung located. All the hardware is included, but the sweet Buck Wild Design paint job shown here isn't!

LA County Choprods (310) 353-2467 | www.lachoprods.com
